

Driving Directions

From the general direction of Central or Greenville, get to SC93 and go west, towards Clemson. Go past US123 and turn right on Kelly Road at NAPA. Turn right on Butler Street at the Crawford Falls office (old Crawford Grocery). Be careful here with traffic from Crawford Falls and Tillman Place. Go up Butler Street to the top of the hill and turn left into the parking lot for the ARTS Center; the previous left turn for the same building is for Clemson Child Development.

From Seneca or north of Clemson, get to US123 and go east; as you approach Clemson City Hall move to the right lane, and take the right turn at US76 (Ace Hardware, CVS, Sleep Inn, etc). Move to the left lane (careful of the traffic turning left from US123 west and from Ace Hardware) and turn left on Greenlee Street; this is just past the entrance to CVS and Ramada, and takes you past a convenience store then up a hill behind the Ramada. At the T intersection with Church Street turn right, then quickly left at the next T with Butler Street. Turn right into the ARTS Center parking lot at the top of the hill.

From Clemson Campus, southern part of Clemson, or the Anderson area, get to US76 and go north. Take the exit right just past the traffic light for Perimeter Road, and go right on SC93 then immediately move to the left lane for a left turn on Kelly Road, just past the CITGO. Go to the intersection with Butler Street, near the Crawford Falls sales office (old Crawford Grocery) and turn left; be careful of the traffic leaving Crawford Fall and going past Crawford Falls to the Tillman Place entrance. Go up Butler Street to the top of the hill and turn left into the parking lot for the ARTS Center; the previous left turn for the same building is for Clemson Child Development.
