

WEEK 4

JULY 19 - JULY 23

MORNING

9:00 am to 12:00 pm

The Paper Factory

Terri Earl Brooks

Faux Batik, salt bleaching, marbling...are just some of the techniques we will explore while creating decorative papers. The papers will be used to create greeting cards, piano hinge books, beads and more.

(Ages 6-9)

Painted Collage Portrait

Amy Morris

Create a fruit, vegetable or flower face collage portrait created with paint and found materials. Decorate the frame and hang it in your favorite gallery! Color theory and mixed media techniques will be studied.

(Ages 9+)

Polymer Sculptures & Mixed Media Jewelry

Laura Dahl

By combining an assortment of materials such as polymer clay, metal, paper, egg shells and beads you can create a variety of small sculptures and one of a kind jewelry pieces.

(Ages 10+)

AFTERNOON

1:00 pm to 4:00 pm

Trash N2 Art

Pam Pniak Thompson

Get your screwdrivers ready and clean out your toy bins. We are going to have loads of fun disassembling electronics, collecting broken toys, old plastics, metal and paper that are ready for the landfill. We will then use techniques like sewing, gluing, nailing and screwing to assemble the trash into beautiful pieces of art.

(Ages 6-8)

Funky Junk

Scott Bunn

We will be groovin' green, using recycled materials to make various percussive instruments such as drums, marimbas, and shakers. We will listen to music from artists like Blue Man Group, Stomp and Latin Jazz for inspiration and understanding.

(Ages 9+)

Building Character

Tatjana Mai-Wyss

YOU are the mastermind of this universe! Invent your own character and then create and construct the character from different materials; fabric, cardboard or even spare toy parts. Write a story about your character and turn it into a book!

(Age 10+)
